TO: Off-Road Implementation Advisory Group (ORIAG) Members

SUBJECT: MEETING NOTICE

Thank you to all of the ORIAG members who have attended our previous meetings and provided constructive comments. The input from our subcommittee members and their review of our outreach materials and training documents has been especially helpful and will greatly assist in efficiently and effectively implementing the in-use off-road diesel regulation.

The next ORIAG meeting will be held September 26, 2008, at the location listed below:

California Environmental Protection Agency Building
Training Room 1 (East and West)
1001 I Street
Sacramento, California 95814

From 8:00 a.m. to 3:00 p.m. there will be subcommittee meetings for ORIAG members only (please see attached agenda). The subcommittees include: Safety, Outreach, Diesel Off-road On-line Reporting System (DOORS), Diesel Emission Control Systems (DECS), and Fleets. From 3:00 p.m. to 5:00 p.m. there will be a general meeting open to the public. At the meeting, ORIAG members will provide information on retrofit technology, installation, and maintenance. In addition, a representative from the Mobile Source Air Pollution Reduction Review Committee will provide an update on the LAX Retrofit Project and ARB staff will brief members on the current status of regulation implementation, including a summary of the recent statewide training seminars.

A draft agenda for the meeting is attached. The meeting will be webcast; details regarding how to access the webcast are on the attached agenda. Also, there will be the ability to e-mail questions or input during the public comment period of the meeting. The e-mail address is on the attached agenda.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

Please remember that some conference rooms have limited space. If you are an ORIAG member and plan to invite anyone else, you may need to limit this to one additional attendee. Also, if you are a member and bring additional representatives, they will need to reserve their comments until the public comment period at the end of the meeting.

Information about meetings, such as agendas, minutes from previous meetings, and meeting materials can be found at <http://www.arb.ca.gov/msprog/ordiesel/ORIAG/ORIAG.htm>. Should you have any questions regarding ORIAG in general or the upcoming meeting, please contact Beth White at eiwhite@arb.ca.gov or at 916-324-1704.

Sincerely,
